

SAFE ALERT™

Replace your
Propane & CO alarms
that are over
5 years old!

Dealer Check

C: Check the production date of all Propane, CO and Smoke Alarms on all trade in and pre owned inventory.

H: Have your service customers read and sign the Safe-T-Alert Replacement Notice if necessary.

E: Educate your service customers of the need to change out Propane and CO alarms that are over 5 years old.

C: Change out old/out of date Propane, CO and Smoke Alarms on all lot inventory to limit your liability.

K: Keep a copy of all service customer signed Safe-T-Alert Replacement Notices for your records.
