

# SAFE ALERT™

## Pro/Dual CO & Propane Gas Alarm with Valve Control Kit.

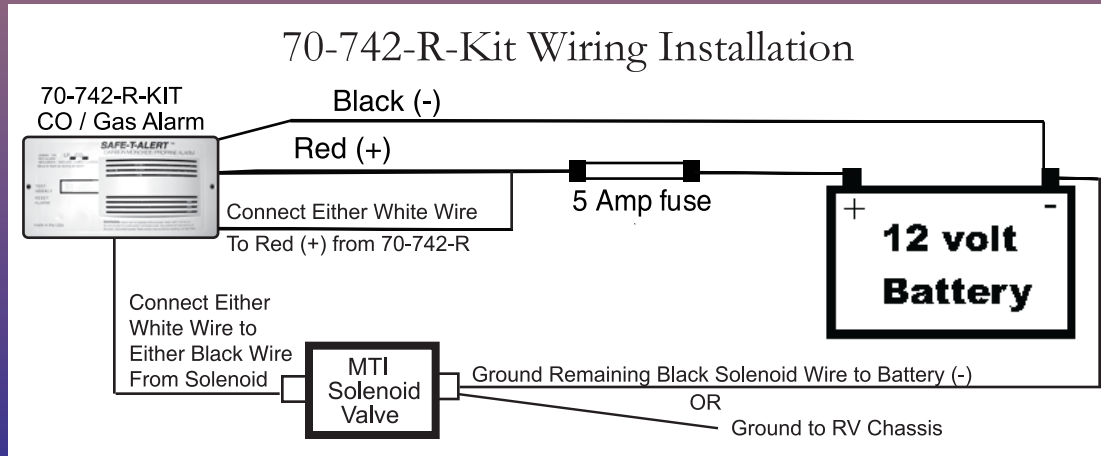

Upgrade RV LP/Propane Gas alarms to a combination CO/Propane Gas alarm. Model 70-742-R Includes all the same great features as our 40 series Propane gas alarms and 60 series CO alarms in one space saving design. Dual alarms detects both carbon monoxide and Propane gas inside the RV. Also detects Compressed Natural Gas. 12 V, operational range 7-16V. No false alarm sensor technology. UL/CSA listed. 1 Year Warranty. Flush mount 6-1/2"W x 2-1/2"H x 1-1/2"D.

Colors Available:  
70-742-R-AL-Kit - Almond  
70-742-R-BL-Kit - Black  
70-742-R-BR-Kit - Brown  
70-742-R-WT-Kit - White

Recommended Replacement for  
**CCI CONTROLS**  
LP Gas Valve Controlled Detectors  
PRE-TELL & PRE TELL 2

Kit contains solenoid valve, which is controlled by the relay build into the 70-742-R. Shuts off gas if a leak is detected. Standard 3/8" NPT valve. Value is UL/CSA listed. Use 70-742-R-Kit to replace CCI Controls models 7752 & 7719 - **DO NOT** connect a CCI valve to the 70-742-R.
