

Drive sales with our RV Safety Center

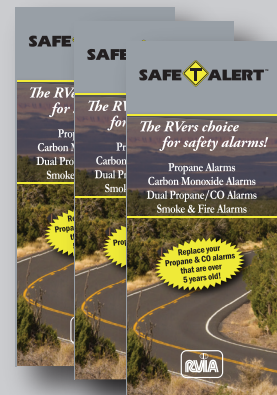

Educate the RVer at point of sale by allowing them to “test drive” the product with these attention getting displays!

Safety Center includes:

- Modules designed to promote featured products. System is customizable to your format. Modules available for each product in your plan-o-gram to create your own in-store RV safety center. Modules are 7” W x 10.5” H x 3.75” D.
- Brochures for RVers to take home.

Example of a Pegboard Display

- Easy set up, designed for pegboard, slat wall or shelves with multiple placement options and promotional display opportunities. Header is 35” W x 6” H.
